Project scope

Name:	Dhruval Patel
Community (UN SD goal):	Zero Hunger & Good Health and Well Being
Date:	05-14-2021

Project Name	Food O Connect
Project Deliverables	
[Activity 1] **Front Phase**	**Gathering users** Need to gather NGOs for the registration. More awareness can be spread and maximum number of NGOs can be gather and registered. As many NGOs will register more help and maximum help can be provided to homeless people be collaborating all other NGOs. Also different individual users will register and make their accounts For Individual users they can register for the individual donations and able to provide their help to the needy people by contributing from their end. They will also be able to make donation to the NGOs if they want else they can directly feed poor people.
[Activity 2] **Middle phase**	Dashboard A proper dashboard will be made for all the registered NGOs and they can able to see the status of other NGOs as well. According to that they will able to estimate the resources that they have as well as the other NGO consist and use as per the requirements. As several Volunteer exchange program as well as the fund raiser program can be done through that.
[Activity 3] **Final phase**	Integration Integrating all the pages with the database for the output and proper synchronisation and internal communication for the final output.
Project Exclusions	

At this stage an individual donor and the mapping for the homeless people has been left for the future scope.
